## Attention

### CCW /CPL License Holders

The original requirement to obtain a Michigan CCW license was to obtain training with the NRA course of: ***Personal Protection in the Home***. This was a basic introduction course. In January, the NRA will be releasing a new course (five years in development) entitled: ***Personal Protection Outside the Home***. This course is a two part process for completion.

**Part One:** This is an intermediate level shooting course (9 hours). It is designed to offer the essential knowledge and skills that must be mastered in order to carry, store and use a firearm safely and effectively for personal protection **outside** the home. A certificate for completion will be issued.

**Part Two:** Prerequisite to attend - completion of Part One. This is a five hour intensive advanced course covering special shooting and concealment techniques. Extensive dry fire and live fire exercises will be conducted.

Only those students who have taken the Personal Protection in the Home & Basic Pistol (Michigan's CCW/CPL) will be eligible to attend. The demand for this course will be high.

As a NRA Senior Training Counselor (the only one in W. Michigan), I will be teaching / certifying current Training Counselors and Instructors so they will be authorized to teach this class. I will be training Limited size classes for individual CCW/CPL holders by mid-January.
