New Skeet Fences

It took a lot of time and hard work, and we hope by now everyone has seen the completed fences that were built on the skeet fields. The last fence, the north fence between skeet field two and five stand was completed on October 12th. The projects final touch came when Chris Ferrari added benches and gun rests on each fence. We had a lot of help from charters, as well as a few associates, help to complete this huge project that was started during charter clean-up day on April 25th. Thanks to everyone who volunteered their time and expertise during this project.
