November Glock Model 21 45ACP 	December Beretta A300 Outlander 12g Walnut 

West Walker Rules and Regulations for Rifle and Pistol Ranges Use

This is not a full list of rules or regulations for using the West Walker Rifle and Pistol ranges. However, these are the most commonly violated rules. Rules and Regulations are subject to change, always refer to posted signs at the ranges.

1 - ALL SHOOTERS MUST SIGN IN AT THE RANGE MONITORS OFFICE BEFORE REMOVING FIREARMS FROM YOUR VEHICLE. Members MUST have their membership cards in their possession while shooting at WWSC and present them whenever asked. You will be required to present your membership card at the time of sign in, and if the Range Monitor does not recognize you, you will be required to present a legal photo ID proving you are the person the card was issued to. We will also require a photo ID when purchasing or renewing memberships to verify the accuracy of the information provide on the application card.

2 - It shall be the duty and responsibility of each shooter to know the range rules and regulations and to abide by them. Failure to adhere to these and other posted rules or instructions may be cause for removal from the range and potential forfeiture of membership. Note that you are responsible to see that ALL shooters in your family know and abide by these rules and regulations. Very soon the Range Monitors will begin holding onto your card when you sign in, if you or members of your family must be reminded of primary safety rules, clearly stated in the range rules, or repeatedly reminded of general practices and procedures; your card will be confiscated and your range privileges will be suspended until you appear before a review panel. There seems to be some confusion about "open carry" on WWSC facilities. Rule #6 of the general club rules states; "Firearms must be unloaded, actions open until ready to shoot and when entering/leaving the ranges." Rule #10 states; "Firearms must be unloaded in the clubhouse, except pistols with CCW are allowed." This rules presumes the latter part is practiced in compliance with the permit, which requires such pistols are concealed.

6 - All firearms must be unloaded and cased when brought into the WWSC property (exception for CPL holders- SEE section on Concealed Carry rules).

7 - All firearms transported between vehicle and range, between ranges, or between shooting stations must be unloaded, safety on, action open, and muzzle pointed straight up. It is always preferable to transport your firearm to the shooting station in cased condition. These rules clearly preclude the ability to "open carry" without being in violation of the safety conditions required while using the WWSC facilities. Violations will be susceptible to suspension or permanent loss of club privileges.
