# Outdoor Rifle & Pistol Range News

First of all the good news, that most already know is, of course, that the ranges are open seven days a week again. Be sure to thank your range monitor for offering their time so our community of shooting enthusiasts have optimal opportunity to enjoy this traditional pastime.

Jeff & I are in the process of building the monitor team back up to a level we can ensure we *stay* open! We are determined to make this work because it is what's right. All these shifts are flexible, as low pressure as I can make them, and by all reports an enjoyable way to spend a few hours once or twice a month. One of the ways to keep pressure low is to have a deep enough 'bench'. Nobody need feel bad about putting a family or recreational opportunity ahead of covering "their" shift, or even taking a month or two off for whatever reason. No previous experience or training is needed, we will teach you what you need to know, on the job, working a shift or two (*as many as makes you comfortable!*) with either Jeff or I.

Our contact info is elsewhere in this newsletter (leave voice message on phones, we both work), or stop by the range office and ask to fill out a survey/ profile form. Remember to express a little gratitude to the guys & gal that are making this work!
