Indoor Pistol Range Building

Hello! I hope everyone is doing well. The club is doing extremely well, thank you. I know that we have been facing an ammo crisis for over a year now. Whether it is a situation where you cannot find it, or if you do, it is outrageously expensive. Unfortunately, the club cannot help you with this. What we do offer is the indoor pistol range being open certain times during the week for Associate members to shoot in. That would be Monday nights for muzzle loading. Wednesday nights for modern pistol shooting and Thursday mornings for modern pistol shooting. Be sure and check the club calendar for exact times.

Right now, the components that you will need to shoot muzzle loading pistols are readily available. We can get you #11 RWS German percussion caps: real black powder and hand cast round balls for your muzzle loader. You must give us a week or so to get them. You say you do not have a muzzle loading pistol? Well, I was in Cabela's last Thursday and they had three display cases of Pieta brand pistols for sale and reasonably priced. By the way Pieta is a good company. The Colt Navy 1851 is a great first choice in a pistol. If you should decide to take up this shooting sport, we can help you. On Monday night we have several people that can help you get started with it. If you would like to just stop by and see what it is all about, that would be fine. We might even let you shoot one but be careful. It is highly addictive and way too much fun.

Just a reminder for the indoor range and all the other ranges. It is the shooters responsibility to pick up after yourself. An example is policing your spent brass. Taking your targets down off the cardboard backers. In the indoor range if your cardboard backer is shot up, throw it away. We have a steady supply of fresh backers. They are under the firing line tables, on the shelves in the boxes. Remember that WWSC is made up of volunteers, not paid employees. It is a privilege to be a member of this outstanding club. With that I hope to see some new faces on Monday nights. Remember what Sam Colt said, "God made men, but Sam Colt made them equal."

Summer 2021 Youth Archery

West Walker Sportsman Club will be hosting youth archery opportunities during the Summer of 2021 at the indoor archery range. The program will be 6 week classes starting Monday July 26th and ending Monday August 30th.

This program is designed for youth with little or no experience to learn safety, proper archery form, and have fun. All equipment is provided, but own equipment can be used. The class will be taught by USA Archery Certified Instructors who have had several years' experience teaching youth archery in multiple settings.

1) Beginning Archery

- Monday Evenings at 6:00
- Instruction is on basic form, safety & FUN
- Equipment is provided
- Variety of targets
- 5 weeks of indoor instruction & the "Carnival of Chaos" party to end the class
- Class limited to 12 students

2) Advanced Beginner Archery

- Monday Evenings at 7:15
- Requires minimal shooting ability and desire to advance
- Equipment is provided
- Class focus will be to improve each student's shooting ability
- Variety of targets
- Structured weekly lesson plan with specific skills to develop proper shooting form
- 5 weeks of indoor instruction & the "Carnival of Chaos" party to end the class
- Class limited to 12 students.

For safety considerations we will need to pre-qualify any students under 8 years old prior to accepting them into the program. At a minimum each student will need to independently stand and shoot safely from the shooting line and be able to follow verbal directions. Contact Jerry Schondelmayer to setup a time for this evaluation as required.

The cost will be a one-time \$30.00 signup fee for targets/supplies/pizza party that includes the weekly range fee payable with cash on the first day. Contact Jerry Schondelmayer for more information or to sign up your young archers.
