Hunters Safety

Looking for a hunter safety course for kids and they are all full? Have you heard about the DNR's youth mentor and apprentice programs? You haven't heard of them? Let me tell you about them.

The mentor youth program allows children 9 and under to purchase a hunting license without a hunter safety certificate. The apprentice program allows children 12-16 to buy a hunting license without a hunter safety certificate. The license for this program is good for two years. Both programs require the child to hunt with a parent, guardian or adult over the age of 21 that possess a valid license to hunt the same game as the child. The above licenses can be purchased anywhere hunting licenses are sold. The licenses are valid for deer, small game including waterfowl, turkey, and all species of fish.
