

May 11, 2005 STEEL PLATE SHOOT

It wasn't a bad turnout considering the weather we had that day. It looked like the skies would open up any time in the morning, but fortunately it only drizzled for about a half hour. We had eighteen shooters show up to test their skills against our plates. Hopefully, everybody had a good time, regardless of how you shot.

The zig-zag course was a little different than what we normally stage, and we got a lot of good comments on it. So plan to see it again this summer. The El Presidente had some really fast scores in the beginning, but adding all those misses made the result not quite as good. Remember folks, watch that front sight! Shooting fast doesn't mean crap if you don't hit your target.

I want to thank all those who helped put on this match. Without your help, it couldn't go on. I really appreciate it. Hope to see you all in June. Keep safe, and shoot straight.
