

July 9, 2005 STEEL PLATE SHOOT

It was another hot and humid day out there on the course, but the shooting was pretty steamy also. We had some great scores, and some not so great.

But

the main themes were to be safe and have fun! I think we accomplished those.

You guys are getting much better on keeping your finger out of the trigger guard when you move through the course. But it's something that you have to keep

working on until it's automatic. But don't worry, I'll be there to remind you every step of the way.

We had some great times on the El Presidente course, but again there were a lot of misses that kicked the scores way up. Slow down a little bit and watch that front sight and you'll be pleased on how much better your times will be.

I want to thank Rady, Kevin, Bob, and Larry for helping me run the match. You guys make this a fun time. Special cudo's to Bob and Larry who I pleaded with to help, since we were short handed. It's amazing what you can get

people to do when you have tears in your eyes and some soulful begging.

Thanks

a lot guys.

Hope to see everybody again at our next match on August 13. Remember to watch that front sight, and practice safe gun handling techniques.
