

June 10th, 2006 STEEL PLATE SHOOT

Well, I hate to say it, but this match did not go well for our hostage plates. A lot of people had a problem with their windage adjustments this day and it showed in the scores. Quite a few good scores were ruined when the hostage plates were hit and ten seconds were added for each hit. In fact, we had a new record for hostage hits in one run. The dubious record was six hits! The person who holds this record will remain nameless due to an uncharacteristic twinge of sympathy on my part. Hopefully he will be back in July to make up for his unfortunate performance.

In spite of hostages dropping like flies, we had some pretty good scores. Adam Boyton had an incredible score of 54.21. Congrats Adam. You would think that he's done this once or twice. Maybe I'll have to add some more difficulty to it to make it more of a challenge to everybody. Unfortunately some people weren't able to finish the course for one reason or another. Hopefully they have learned something from this to rectify it (a little more powder in your loads, Scott?). Anyway, it looked like everybody had a good time shooting the course. I hope to see everybody back at our next match, Saturday, July 8th at 10:00. Tell your friends how much fun you had and invite them to check us out. We're always ready to welcome new shooters to our matches.

A special thanks go out to Kevin Morrison, Dennis Nelson, Ron Kobel, and Rick Heyt for help in putting on this match. Without them, it wouldn't have happened. Thanks also for everybody who showed up to shoot. We hope you had a good time. If you have any questions you can contact me at pl8shootr@aol.com.

See you next month.
