- **Expanded Background Checks:** Michigan implemented a universal background check system, closing loopholes that previously allowed private gun sales without thorough vetting.
- **Stricter Storage Requirements:** New laws mandate that firearms in homes with minors must be stored in locked boxes or secured with trigger locks to prevent accidental shootings.
- **Red Flag Law Enforcement:** The Extreme Risk Protection Order Act (ERPO) allows courts to order individuals to surrender firearms if they pose a threat to themselves or others.
- **Felon in Possession Statute Expansion:** The definition of prohibited persons now includes those with prior offenses punishable by more than one year and those convicted of misdemeanors involving domestic violence.
- **Restrictions on Certain Firearms:** Some semi-automatic weapons now require enhanced licensing and registration procedures.

These updates aim to improve public safety while ensuring responsible firearm ownership. If you need more details, you can check out the full legal update [here](#).
